

SIMPLY
BURBIDGE

MANUFACTURING FOR OVER 150 YEARS

In 1867 Henry Burbidge founded his woodworking company with a capital of ten shillings at the age of forty. Today with the fifth generation now at the helm, Burbidge & Son is widely recognised as one of the leading UK kitchen manufacturers, producing highly sought after and exceptionally well crafted kitchen ranges.

Our legacy means we have an intimate knowledge of inspired kitchen design, matching the unique set of requirements that each home, customer and kitchen brings.

YOU'RE IN SAFE HANDS

We're only a part of your new kitchen's story. Over the years we've built a network of exceptional independent kitchen retailers, designers and installers. This network of specialists is armed not only with an in-depth knowledge of our products, but they are experienced in every aspect of kitchen design and installation. They are the perfect partners to guide you through the many choices and decisions, helping you to realise your perfect kitchen.

SUSTAINABILITY

Sustainability is at the forefront of how we develop our products, and how we run our business.

Our timber is sourced from well managed forestry in the U.K. and Europe, where the cycle of clearing and replanting has been continuous for many generations. We only use temperate hard and soft woods and avoid endangered tropical timbers. We have agreed with all our suppliers to only purchase timber products which do not damage the environment.

WELCOME TO OUR SIMPLY BURBIDGE COLLECTION

Affordable, well-designed, painted kitchens that blend modern style with timeless charm.

The Simply Burbidge collection features Chartwell, Fenton, and Finsbury, three distinctively styled, yet off the shelf kitchens in seven stunning shades; Bone, Putty, Soft Grey, Reed Green, Baltic Green, Prussian Blue and Charcoal.

Our curated palette ensures versatility and elegance in any kitchen, with colours that work independently or in combination to create beautiful contrasts or zoning. Take your pick from a carefully chosen collection of handles, giving you creative freedom to add the perfect finishing touch to your kitchen design.

When it comes to creating a kitchen that meets your needs, you deserve to be in safe hands. By choosing Burbidge, you can rest assured that you are investing in the highest standard of product by a British manufacturer.

Testament to the quality, craftsmanship and intricate detailing that we have become trusted for, we are proud to be holders of the prestigious Manufacturing Guild Mark, awarded by the Worshipful Company of Furniture Makers – a mark of excellence in British furniture making.

CHARTWELL

Our passion for using quality materials runs through the Chartwell design. The painted finish subtly reveals the delicate figuring of the door's woodgrain framing beneath. This well-crafted door design references the past, but feels fresh and contemporary. The neat detail line which runs around the door gives the impression of being an in-frame kitchen yet as a standard door.

Chartwell in Bone

Once called a porch or a cloakroom; the newly named boot room is quickly becoming the latest space to add value and beauty to your home. Blending functionality with style, the boot room provides a seamless transition from indoor to outdoor living. A place to hang coats, put on boots, and neatly store your outdoor accessories.

Designed for living, beyond the kitchen. Our knowledge of furniture design extends to boot rooms, utility rooms, pantries, and larders.

FENTON

Fenton is the perfect example of this iconic design with its hallmark traits of simplicity, functionality, and unparalleled craftsmanship. Its unadorned, slim-line framing embodies the latest trends in kitchen furniture design, where the appeal is in the simple, elegant proportions which allow the beauty of the delicate woodgrain to shine through. The perfect backdrop for your choice of painted finish.
